*We would love to welcome you back to our 5<sup>th</sup> annual Golf Tournament for another great day of golfing. Come have fun, drink, eat, score a whole in one on every hole and help us raise the funds needed to keep the Foundation moving forward.*

*The Foundation to date has donated 23 AED's, to the following schools and playgrounds.*

*DeLaSalle High*

*Holy Name of Jesus School*

*Pope John Paul High School*

*St. Philip Neri School*

*St Phillip Neri Church*

*East Jefferson High School*

*Magnolia School*

*St. Frederick High School*

*St. Martins Episcopal School*

*Holiday Inn Express who hosted NCAA Basketball Players in 2007*

*New Orleans Rugby Association*

*Archbishop Chapelle High School*

*Bantum Baseball Association*

*Jefferson Play Ground*

*Archbishop Hannon High School*

*Northlake Christian*

*Ecole Bilingual School*

*The Chance O'Hern Family*

*The Foundation has made a donation to Parent Heart Watch to help in its efforts towards sudden cardiac arrest awareness and better testing for athletes. The Foundation has also made a donation to The Hypertrophic Cardiomyopathy Association to help support their efforts to provide information, support and advocacy to patients, their families and medical providers. HCM is the number one cause of sudden cardiac arrest in athletes.*

*In January, 2009, A. J. and Nancy attended the 4<sup>th</sup> conference for Parent Heart Watch in Orlando, Florida. Laura Friend, one of the Co-Founders of Parent Heart Watch will be speaking at the Golf Tournament. In February, 2009 A. J. and Nancy spoke at the Cardio Vascular Institute of the South's CPR and AED training in Houma, LA. There were three sessions and they spoke at the end of each session. It was hard for them to tell Chad's story so many times in one day, but it really help the people taking the course to realize the importance of knowing CPR and how to use an AED.*

*Their efforts may one day save someone's life.*
